

Nykredit with eVestment Alliance to Enhance Scandinavian Manager Research Offering

Nykredit is pleased to announce an exciting new landmark: a new partnership designed to further enhance its manager research offering. Our new partner, eVestment Alliance, is unparalleled in its provision of data intelligence and analytics in the institutional fund management arena and we believe that this partnership marks a significant step forward in Nykredit's drive for excellence in the Scandinavian and wider European space.

We are excited to begin working with eVestment to fully leverage the platform's capabilities; over time, we will transition away from collecting factual and quantitative data directly from asset managers and we will rely instead on data resident in the eVestment databases.

Most managers are already providing data to eVestment (its clients include over 250 investment consultants, institutional investors and sovereign wealth funds globally), but if you are not, we **strongly encourage you to make contact with eVestment and begin to do so.**

There is no charge to investment managers for providing information, and we believe that eVestment offers a tremendous opportunity for standardisation in our marketplace.

Your responses to our information requests and surveys have been a valuable source of information for us in the past, and we are grateful for your prior assistance in submitting data. As we transition into our new system, please bear with us if there is some duplication of efforts early on. We will do our best to minimise added work for everyone's benefit, and we will be working closely with eVestment to integrate their data into our research and reporting processes as quickly as possible.

In summary, we would like you to submit data to eVestment directly as soon as is practically possible.

If you have any questions regarding these changes and our relationship with eVestment, please do not hesitate to contact us:

Contact: Person Nykredit
Manager Research Team: @Nykredit.co.uk

Additionally, eVestment can be reached at:
Dustin Echenique, +44 (0) 203 402 5302, dustin@evestment.com
Dan Harrison, +44 (0) 203 402 5304, dharrison@evestment.com
eVestment Main: +44 (0) 203 402 5300 or via email to europa@evestment.com

We would also ask that you circulate this letter internally within your firm, so that it reaches the key decision makers and other staff who would be affected by it.

Kind regards,
Ulla Agesen
